They can be had cheaper at some places, however, expect to pay at least 1600-1700 for the complete system. A Bose acoustimass 15 can be had a little cheaper too, so they're really about the same in price. As far as homecinema goes, the Canton clearly outplays the Bose system, no competition. If it comes to music, the Canton blows them away!

the acoustimass module isn't a subwoofer, it's part of the whole speaker system to work directly with those bose cube speakers. Just so you're aware it won't go as "low" as a traditional subwoofer will and you'll probably be able to tell where the sound is coming from vs. it being unnoticeable from a traditional subwoofer.

Bose Acoustimass 15 (Home Theatre System): ... Great system of speakers, Cube speakers are very clear especially the centre speaker, The Sub is wonderful, very full base and the 3 drivers make it work very well. Looks fantastic in the living room, the wife loves the blending in nature of them.

### **Bose Acoustimass 15 | ProductReview.com.au**

The Bose Acoustimass 15 surround sound speaker system increases the impact of home theater listening with a rear centre speaker for even greater drama and realism. This heightened experience in music and motion picture listening is largely aided by a powered Acoustimass module for exceptional sound that appears to come only from the small speaker arrays.

I have read all of the reviews of the BOSE Acoustimass 15 Series II speakers. I purchased them last month and am waiting for the upgrade speaker to make it a AC16 with 6.1 sound. I have a perfectly rectangular room that is 19ft long by 13ft wide, so my room is ideally setup for a home theatre system.
