Causes of Crimes: Causes of crime may be environmental, hereditary or psychological. Environmental causes are ruled out as independent causes of crimes. But psychological conditions are said to be determinant of an individual's reaction to persuasive environmental influence.

Theories of Criminology | What Causes Crime?

Preventing crime and injustice The classical theory of crime causation was developed in the late 18th century by Cesare Beccaria and Jeremy Bentham. This theory indicates that crime is caused by the ability of humans to exercise free will regarding the decisions they make and the actions they exert (Schmallegger, 2012).

Causes of Violent Acts and Criminal Behavior | Ultius

A recent book, Inside the Criminal Mind(Stanton E. Samenow, Ph.D.) argues that "...criminals choose to commit crimes. Crime resides within the person and is caused by the way he thinks, not by his environment. Criminals think differently from responsible people."
