A Samsung inverter reverse cycle Ducted Air Conditioner is designed to enable each room in your home to be cooled or heated by one system. Ducted Systems are also relatively unobtrusive as the conditioned air is distributed through ducts hidden in your roof space to outlets in the ceiling of each room. The primary components of your Samsung Ducted System consist of the indoor unit, outdoor unit and controller.

### **Air Conditioners | Residential, Multi Split | Samsung ...**

A ductless, or mini-split, air conditioner is a great solution for people who want to cool one room in their house without having to cool the whole house. It is also a great way to add air conditioning to an older house that is heated by a boiler and radiators without an existing system of forced-air heat ducts. A mini-split does essentially the same job as a window air conditioner, but you can ...
